Just like the C, I have it on a network print spooler, which not only allows systems to be turned off without affecting you printing, but it seems to recover from paper out, power failures, etc much better.

Have had one of this model for years – very pleased with the performance and the large paper capabilities of this model.. The more useful size is the 11" X 17", also know as tabloid It is quieter than the C, but as you can imagine, very wide, almost 2 feet! Wonderful printer The printer is great, and it does its job well.. Get plenty of media options with this HP standard printer including HP speciality papers, labels, transparencies, envelopes, over-sized envelopes, card stocks and more.
